

## Snacks

We ask for a £2 weekly contribution towards our snacks. Now that the weather is getting colder; we will be enjoying pancakes, crumpets, toast and hot chocolate to help warm us up.

We will be practising our cutting, spreading and pouring skills.

## PE

**Attenborough** and **Peake** P.E will be on a **Monday** and a **Wednesday**.

Children **must** come into school wearing their P.E kit.

Earrings must **not** be worn on P.E days.

## EExAT

We hope you are all set up with your child's learning journey on EExAT. If you need help with your access code, please speak to your child's class teacher.

Please continue to send in your pictures and videos with a comment about what you are doing and what the children are learning at home. For example; if your child has taken part in a family celebration, counting or maths skills, reading etc.

Here are some of the books that we will share and explore with your child this term.

As the weather is beginning to change and get wetter and colder, remember that we do play outside in **all** weathers. They must have a **waterproof coat** and **wellies** in school at all times. Thank you.

**Please make sure that all clothing is named!**

Children must have spare clothes in school in case of emergencies.

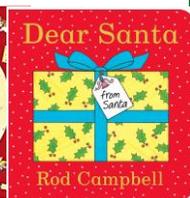

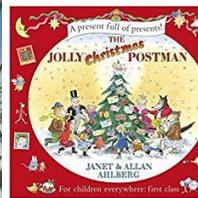

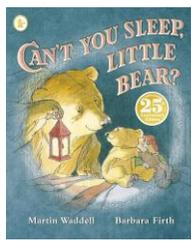

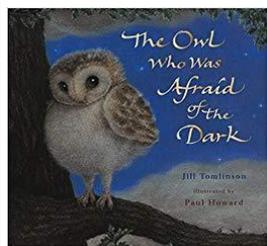

**We are trying really hard to write our names. Please help us by practising with your child at home.**

Our topic this term will be 'Celebrations'. We will be learning about seasonal changes and what happens to our environment in autumn. We will also be learning about celebrations and festivals from all around the world, including Remembrance Day, Bonfire Night, Diwali and Christmas. If you would like us to include any other celebrations from your culture then please speak to a member of the Reception team.

## How to help at home;

- Help your child to practise getting dressed and undressed, this will help them to be independent when they get changed for PE. Make a fun game and time how fast they can do it!
- Talk about the changes in our environment, including; changes in the weather, darker nights, leaves on the ground and why these changes occur at this time of year.
- Because of the colder weather approaching, practise putting on gloves and scarves. This will help them be independent when accessing our outside environment.

Please remember to read every night with your child, sign their reading record and make a comment about their reading. Books will be changed weekly. We have finished learning our set 1 sounds now and are focusing on blending them together to help us read simple words like 'cat' and 'dog' etc. Help your child practise reading these words at home.
