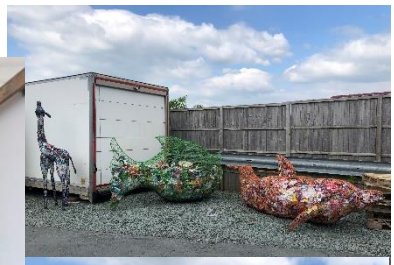
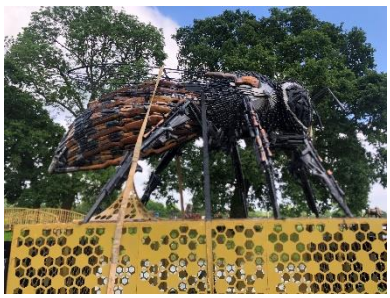
Corby IFTL Schools

Recycle project update – End of project

The month of May has now gone, so our recycle friends have left our schools and returned to their home at the Iron Works Centre in Oswestry, Shropshire. They have been emptied and the contents now stored ready for the next part of their journey. The animals have already gone on to their new school for the month of June. Please watch this video to hear the Youth Parliament members talking about the initiative.
https://youtu.be/WQ1TK2dz-Xo



Whilst delivering these animals back, I took a walk around the site, and every item has been made out of metal or recycled items – it was amazing to see. To find out more about their amazing projects, please visit their website on https://www.britishironworkcentre.co.uk/ or Facebook page https://www.facebook.com/TheBritishIronworkCentre



In the pictures below are some items which the Iron Works continue to collect. I will be speaking to the Youth Parliament members at each school to see if this is something we would like to support moving forwards.

Thank you for your support. Mrs James
