Dear parent / carer

Subject: Dental Hygiene Kits for Every Child

Dear Parents and Carers,

Today, we are sending home a **toothbrush and cleaning kit** with every child. Dental hygiene plays a vital role in overall health, and recent reports show that issues with children's teeth are on the rise.

We encourage you to use this kit to support regular brushing at home and help your child develop healthy habits that will last a lifetime.

Thank you for working with us to promote good oral health for all our students.

Best regards,
Miss J Doherty and Mrs H Crawford

Heads of school
