Dear Parents and Carers,

We are writing to you in light of the extreme hot weather currently being experienced and the red warnings for heat that are due later this week.

Across our Trust, all of our schools are taking additional steps to help keep children, staff and visitors as cool, safe and comfortable as possible while maintaining high-quality learning and care. These measures may include additional water breaks, allowing children to wear PE kit or other suitable uniform adaptations, adjusting the structure of the school day, modifying planned activities and moving learning into cooler spaces where this is appropriate. Keeping children safe is both our duty and our privilege and we are committed to doing this in every way possible. We will continue to respond flexibly and proportionately as conditions change, taking into account the circumstances in each school and the needs of our pupils and staff.

We will always endeavour to keep our schools open wherever it is safe and manageable to do so. However, we feel it is important to make you aware that, in extreme circumstances, this may include a decision to close individual classes or, if necessary, a whole school, where conditions cannot be managed appropriately and safely.

Please be assured that any such decisions would not be taken lightly. We will continue to monitor the situation closely and will keep you informed of any changes or additional arrangements as soon as possible.

Thank you for your support and understanding as we work together to keep our children safe, well and able to attend school during this period of extreme weather.

With very best wishes,

Sarah Bennett

Sarah Bennett, CEO
