2nd September 2026

Dear Parents and Carers,

Permissions and Contact Information – My Child at School (MCAS) App

Year 5 and 6 Permissions

We require new consents on the My Child at School App for the following permissions:

- Walking home (Years 5 and 6 only)
- Mobile phone in school (Years 5 and 6 only)

All Other Permissions

Please can we ask that all parents and carers log onto the My Child at School App (MCAS) to review the permissions that you have given for your children. This will enable us to keep our permissions up-to-date and relevant.

The permissions on the app include:

- Photo permissions
- Calpol administration
- Emergency inhaler administration

Contact Information

Finally, please review the contact information we hold for your child, including phone numbers and address information. Please ensure that anyone you wish to collect your child on a regular basis is included as a contact on your child's information. Again, this can all be updated via the MCAS app.

Yours sincerely,

Miss Doherty
Headteacher

Mrs Crawford
